

Welcome to The Parry Physical Therapy Group where you receive personalized physical therapy!

Our goal is to provide you with the highest quality personalized care that you require.

Our professional staff consists of Dr. Jack A. Parry, DPT, MSA, Dr. Christina H. Rickert, DPT, Dr. Michael S. Carl, DPT, Dr. Janene Schimmer, DPT, Jaime Brunnabend, MPT, Dr Todd Shurr, PT, Nicole Mateo, PTA, and Alex Mateo, PTA

If you have any questions, or develop any concerns during your course of treatment here, we ask that you let us know so we can address your concerns immediately. Also, please be sure to fill out an Authorization for Release of Information form during your initial visit.

There is usually no waiting during your office visit. **We ask that you stay as close to your appointment time as possible.** If you are going to be greater than 15 minutes late or early, please contact us as (215) 538-1999, to verify availability.

If you need to cancel an appointment, please do so 24 hours in advance.

All missed appointments will be rescheduled to comply with the therapy prescription from your doctor, or with Medicare policy.

If you are a **Medicare patient**, you must **see your doctor** for a re-evaluation **60 days** after your initial evaluation and **every 30 days** thereafter. This must be done in order for you to continue with your physical therapy. We recommend that you schedule your follow up appointment at this time.

Please notify us one week before your next follow-up appointment with your *referring* doctor so that we can prepare a progress report to send with you to keep your doctor informed.

Always advise your therapist of any changes in your pain or functional status **before** your treatment session starts each time.

You are welcome to bring your children along with you to therapy, but their safety and the safety of your fellow patients is important, and children in the treatment area can be hazardous, if uncontrolled. If it is necessary for you bring along your children, please bring something to occupy their time while they wait for you to finish your treatment.

We hope you enjoy your time here with us.

Dr. Jack A. Parry, DPT, MSA
